

JOSH DECKARD

WEB DEVELOPER

509-638-2499 | SPOKANE, WA | DECKARDJ@COMCAST.NET | WWW.JDSOFTDEV.COM

Objective

To obtain a challenging and rewarding web developer position as a full-stack or front-end developer, where I can use my technical and creative skills to create user-friendly and visually appealing websites.

Skills & abilities

Proficient in a range of programming languages such as HTML, CSS, JavaScript, React, Redux, PHP, Laravel, Livewire, NodeJS, Kotlin and more. Skilled in working with API's, and DBMS tools such as MySQL, MongoDB, and SQLite. Effective in using version control systems such as GIT. Experience in developing modern, responsive websites from scratch or through design files. Exposure to WordPress.

Experience

WALKERS FURNITURE AND MATTRESS

Parts Lead | May 2022 - Present

- Received and Shipped parts for all customer warranty services. Maintained an organized warehouse through regular inventories and diligent work-flow.
- Worked with outgoing service technicians weekly to ensure successful repairs.

AMI METALS

Packing Lead | May 2021 – January 2022

- Lead Position in a packing department of an Aerospace manufacturing metal warehouse, where I designated work flow for other employees while maintaining incoming and outgoing orders in a timely manner.

MORE WORK HISTORY UPON REQUEST.

Education

SPOKANE COMMUNITY COLLEGE

Spokane, WA | AA Software Development

Graduating in June of 2024. Currently holding a 3.98 GPA. Studied full-stack development, android development, DBMS, and photoshop.

Communication

Excellent communication skills which allow me to collaborate with other developers, clients, management, and users to deliver high-quality results.

Leadership

Experience running departments on my own with no employees, as well as running divisions with small groups of 5 to 10 employees.
